Dear Wojnarova Sona aunty,

Many Many kisses from your loving child Deepak. Dear, you send me every time birthday card without missing and I get your wishing through cards. I thank you for your love you showed me. It makes me feel happy.

This year my 9<sup>th</sup> standard studies are going on well. In school new teachers are appointed and they teach Mathematics and Chemistry subject nicely.

From this year we have got new uniform. I have to put uniform for 6 days. ID card is also provided. All students dress neatly and come to the school. Government is giving lot of facilities for us. Along with lunch milk is also provided. Vitamin tablets are also given to eat. I don't like taking tablets but teacher will be keeping on watching us so I take it. I have already finished my midterm exam. English and Mathematics paper was difficult. I am confident that I will pass in all the subjects.

My mother is member of SHG group. Mother is involved in many activities held in this group.

In School, Drawing competition was held and I took part in it. I won second prize and this made me happy.

In October holidays I visited aunty at Bailoor place. There I played cricket with my friends and completed school home work. We went to Murdeshwar tourist place and there I saw temple, beach and statue of Lord Ishwar.

The centre staff has given Christmas gift in your name and I thank you for it.

I wish you, your family Merry Christmas and Happy New Year on behalf of my family and me. Here I end this letter with love.

Your loving child  
Deepak
