

“Alternative skill building - Towards a bright future” was the theme when a session was organized for the College Students who have been sponsored. They were divided into groups and were made to debate in favour of the stream chosen by them and the importance of alternative skill building was explained to the students. During the Cluster level meetings for parents, the topic chosen was on various facilities being offered by the government for students who are still studying. But the most important gift, priceless treasure was that the Children use the cluster level meeting platform to say “Thank You” to their parents for taking care of them and for moulding them. The parents were truly touched.

Information on Terminal illnesses especially Cervical and Breast Cancer was given to 532 women. In addition 130 women secured information on Diabetes and 81 on Dengue.

Akshara Jnana is the literacy movement that has been begun for 72 women of the Self Help Groups. Green Movement – an initiative towards maintaining of the environment through the Self Help groups was carried out. They brought saplings on their own and planted them in the villages.

Thus the child and his family are all being involved in a self development plan. All these years the child was a passive listener but now is actively involved in stating decisions and working towards that Goal. It is due to your presence that your child is becoming successful today !

"When we remember a **special Christmas**, it is not the presents that make it special, but the **thoughtfulness, the feeling of love, and the togetherness of friends and family** that make our **Christmas special.**" Today God is here like everyday and we pray that the **light, hope and joy** of Christmas remain in you always.

Wishing you the many blessings of *Christmas & a Joyous New Year 2016.*

Yours affectionately,

Sr Maria Goretti SRA
Director
